

CLIMATE CHANGE POLICY

ISWPL acknowledges the global concern on climate change and recognize that concerted and sustained action is required to reduce the scale of problem and adapt to its impact.

ISWPL commits to align with national aspiration, comply with applicable legal & other requirements, measures & analyse carbon footprint of business and shall endeavour to:

- Adopt and maintain best practices to mitigate and adapt climate change.
- Pursue stakeholders' inclusive actions and communicate updates.
- Conserve energy & natural resources.
- Incorporate green perspective in all key organizational processes.
