

ENVIRONMENT POLICY

ISWPL environmental responsibilities are driven by our commitments to preserve the environment and are integral to the way we do the business.

- We are committed to deal proactively with climate change issues by efficient use of natural resources like water, energy, air, oil etc; reducing and preventing pollution; promoting waste avoidance and recycling measures; and product stewardship.
- We shall develop & rehabilitate abandoned sites through afforestation and landscaping.
- We shall enhance awareness, skill & competence of our employees including contractual employees and supplier, outsourcing partners, to enable them to demonstrate their involvement, responsibility, and accountability for sound environmental performance.
- We are committed to continual improvement in our environmental performance by setting objectives-targets, develop, implement & maintain management standards and strive to go beyond compliance of the relevant industry standards, legal and other requirements.
